

PRESS RELEASE

ARCTIC BAY

Sizes 18"x18", 12"x12", 6"x6"

Description Refreshing as a breeze carrying the scent of pine needles, rugged as snow-capped mountains, Marazzi's ARCTIC BAY exemplifies the free-spirited outlook and independent attitude favored by modern homeowners, designers and contractors. This robust ceramic stakes its claim with native earthen colors, boldly structured surfaces and distressed edges.

Three versatile sizes and veined colors certainly encourage creativity and play well with others – other finishes, other textures, other media. Glass, metallics, wood and natural stone can be used to personalize a space, whether it's residential or commercial. Modular effects and cut-from-the-tile SBN significantly increase layout options on floors or walls. ADA-recognized COF adds a measure of assurance when slip resistance is a concern.

Let your imagination take you away to uncharted design territory with Arctic Bay's fresh, updated take on stone. Easy to clean, easy to install, easy to love.

Product Data Type: Floor & Wall: Glazed Ceramic
Colors: Arviat, Grise, Rankin
Rating: Class 4 – Moderate / Heavy Traffic: Tile suggested for residential, medium commercial and light institutional floor and wall applications.
