SAHARA

Sizes 24" x 24" 12" x 24" Mosaic (mesh-mounted)
 12" x 24"

Description Marazzi's **SAHARA** brings a line of sight that's out of sight. Clean, crisp linear expressions direct the eye and accentuate architectural elements. All colors and sizes are offered in both cushioned-edge and rectified versions. The rectified option allows installation with minimal grout lines, further showcasing the bold beauty of the tile itself. Varied surface treatments in the tile, mesh-mounted mosaics and listelli decos bring a full toolbox of options for urban or suburban design adventures.

Rugged, strong and good looking, too. Sahara is built to perform, indoors and out, to withstand heavy foot traffic, nature's elements, the dual tests of time and fashion. Hewn as well as ridged stone surface textures in 24"x24" and modular 12"x24" sizes in four natural colors bring to mind the shifting sands, driving winds and extreme elements of its namesake desert.

The thick, frost resistant color body porcelain stoneware body and ADA compliant slip resistance literally open doors for usage in exterior applications, whether residential or commercial, vertical or horizontal.
