CRYSTAL STONE

Sizes 12" x 12" Decos (mesh-mounted)

Description The sum is exponentially greater than the parts in **CRYSTAL STONE** . . . beauty to the nth degree. Separately, the bits of glass and stone might appear inconsequential, but the remarkable pairings elevate them to miniature objets d'art.

Extremely versatile, the mesh-mounted modules are easily installed intact to cover large expanses. Or, conversely, they can be cut into strips for use as vertical or horizontal listelli or dots for decorative insertions on backsplashes, floors, fireplace surrounds or tub, shower and pool walls. These mosaics are a nearly universal deco with a chameleon-like ability to accentuate many different tile series with equally pleasing results.

The shimmer and shine of both clear and translucent glass combine with the velvety smoothness of tumbled marble to immediately attract attention. Like tiny jewels nestled amid a soft, matte background, reflective gleams add zing to any setting from traditional to contemporary.

Sensuous to the touch, **CRYSTAL STONE** elevates everyday living by adding traces of sublime elegance wherever it's incorporated. Nine gem-like shades range from creamy whites to golden tans to blue-grays to chocolates and purples. The tiny touches of opulence are universally appealing whether as an entire canvas or as focal points of color.

Product Data Type: Floor & Wall: Glass & Marble Mix
Colors: Breeze, Caramel, Coffee, Gold, Honey, Ivory, Marine, Purple, Walnut
Rating: Class 3 - Light / Moderate Traffic: Tile suggested for residential floor and wall applications, including bathrooms, kitchens, foyers, dining rooms and recreation areas.
