Series: TIBER

Sizes: 12" x 12"

Description: **Tiber**, Marazzi's newest glazed porcelain, embodies the strength of ancient stone found along its namesake Italian river. Undulated edges along with dramatic shade and pattern variation in a 12" x 12" module bring fascinating visual movement to floors and walls in multi-use settings.

Sensuous layers of color, soothing yet slip-resistant surfaces with a simple maintenance routine counterpoints popular architectural elements like metal, glass or stone to personalize residential or commercial installations. The majolica-inspired Mosaic Listelli interjects creative flair when used either as strips or cut and used as inserts.

Cascading, tumbling, winding its way from the Appenine mountain range through Rome and into the Mediterranean Sea the Tiber River brings life to all the diverse regions through which it flows. The greens of Romagna, the reds of Tuscany, the golds of Umbria and the browns of Lazio comprise Tiber's palette.
