PIERRE DE CLUNY

Sizes 20" x 20"

Description The timeless elegance of century-smoothed limestone found gracing stately ancient cathedrals emerges as modern glazed porcelain in Marazzi's **PIERRE DE CLUNY**.

These impressive 20"x20" modules showcase intricate chalky blooms and softly striated movements of natural opaque color that immediately draw attention but then give pause for longer looks.

Five color ranges – Beige, Blanc, Gris, Moka and Rose – gently segue from one to the next, with elements of each appearing in all. Brocade imprints mingle with lustrous metallic filigreed strips on mosaic listelli and inserts in two complementary colorations.

Strength, beauty, and simple maintenance – the best of both old world and new.

Product Data Type: Floor & Wall: Glazed Porcelain
Colors: Blanc, Beige, Rose, Moka, Gris
Rating: Class 4 – Moderate / Heavy Traffic: Tile suggested for residential, medium commercial and light institutional floor and wall applications.
