For Immediate Release

Sunnyvale (Dallas), TX

Every era has incorporated beautiful stone into its public and private buildings, and that trend continues today with **STONE AGE** by Marazzi. The collection features four rich color groups based on earthen shades of charcoal, rust, brown and beige with a smooth surface in 6", 12" and 18" modules.

Clean straight edges update the concept of stone, moving it effortlessly into today's lifestyles. Totally at home on walls and floors, it lends warmth and comfort to interior residential and commercial areas. A wide variety of decorative elements – metal, glass, natural stone – integrate seamlessly with **STONE AGE** and result in distinctively personal rooms that reflect each creator's unique personality.

When complemented with Marazzi's Universal Deco program, **STONE AGE** definitely knows how to romance a room. At the same time, its glazed, non-porous surface reduces dust accumulation and assures easy maintenance while low life cycle costs, no VOCs and allergen-free characteristics make it a wise investment.
