Random Mosaic  
12"x12"

- INSTALLATION OF TILE**
- Because stained glass is translucent by nature light will penetrate through it prior to installation, making the uninstalled sheet appear to be lighter than the grouted sample boards. **Once the stained glass tile has been installed it will appear darker and opaque**
  - Install tile per manufacturer's instruction and industry standards.
  - To avoid adversely affecting the color of glass tile, white thin-set is required for all installations.
  - Glass tile must have a minimum 1/16" grout joint and should not be butt set.
  - Use latex additive in the white thin-set to ensure adequate performance.
  - Wipe back of the tile and substrate clean with a clean damp sponge. This will help achieve 100% mortar coverage.
  - To ensure adequate coverage and full contact to the tile, it is recommended to lightly back butter the tile.
  - Tile shall set for 24 hours before grouting.
  - Due to the impervious quality of glass, the grout will take longer to begin setting.
  - Use a damp sponge only for the final washing and smoothing of the grout joints.

- MAINTENANCE**
- Use a glass cleaner and a soft lint free cloth for cleaning glass tile. To remove soap scum or water deposits a minimally abrasive cleanser and soft bristle brush can be used.  
No acids should be used for cleaning grout haze.

- APPLICATIONS**
- Catwalk can be installed in interior and exterior areas.  
Catwalk is suitable for walls, swimming pools, fountains and showers.

Random Mosaic	Sizes	Pcs	Weight (lbs.)	Thickness
	12"x 12"	20	25	0.118

ashion runways are not the only venue for making fashion statements. . . CATWALK's dramatic new glass mosaics feature elongated strips in random widths and lengths with wide tonal ranges that generate an inviting sense of movement and surface excitement wherever it's posed.

Gradient colors from lights to darks generate continual eye movement and increased interest whether installed on whole walls or tucked away in small, private accent areas. Equally adaptive to classic or contemporary settings, CATWALK makes quite a splash on residential and commercial vertical spaces, lighting up backsplashes, pools, vanities, entire wallscapes.

Any preconceived ideas you've had about glass are open to change. Reflect your own sense of style with these impervious, mesh-mounted beauties that are easy to clean as well as easy on the eye.
